

Thames Valley District School Board: Plattsville & District PS

Our school is committed to providing all students with a safe, caring, and inclusive learning environment free from bullying and harassment that promotes respect, acceptance, and empathy.

Our staff, students, parents, and community will work together as a team to make our school safe and welcoming for everyone.

Safe and Inclusive School Plan

Ensuring Positive Learning Environments

This year we are focusing on understanding our own feelings and the feelings of others.

We are doing this because our School Climate Survey responses from our students indicate this is an area where students have indicated a need, and through understanding of feelings may be more empathetic toward others.

Throughout the year, we will be:

1. Identifying emotions through activities, conversations and concrete tools.
2. Incorporating wellness strategies focusing on personal and others' feelings into classroom and whole-school activities.
3. Understanding and using the Stop Think Act strategy for emotional control.

Community/Home Connections

Ask your child about our Stop Think Act strategy.

Try STOP (take a breath) THINK (identify emotion) ACT (appropriate action or ask someone for help) at home with your child.

Check out these resources [Feelings Chart](#) and [Stop Think Act poster](#) about recognizing emotions and using the Stop Think Act strategy.
