

Hello Grade 8 Families,

College Avenue Secondary School is excited to reach out to you to provide you with all the information you need to know about CASS.

To support the transition to high school this year, we are happy to announce the launch of the Future Knights' Hub website.

[Future Knights' Hub](#)

We have designed this digital Hub of information for you! We know the transition to high school is not always an easy one, though we hope this space will help you to get to know CASS and see what we have to offer. The Hub includes information on:

- Registration Information
- Departments and Courses
- Emphasis Technology
- Special Programs
- Leadership
- Our Support Team
- Frequently Asked Questions
- How to Contact Us
- Or Take a Virtual Tour

This digital space will continue to be updated with content, images, and videos to help with learning more about CASS.

As the Emphasis Technology School for Oxford County, we have over 50 different tech courses and 4 Specialist High skills Majors to offer. To learn more about Emphasis Tech, please visit the Emphasis Tech page on our [HUB](#) or [TVDSB Emphasis Technology](#).

If you have any questions, feel free to visit the Contact Us page, or complete the [Frequently Asked Question form](#) and we will be sure to get back to you!

We have also created a fun Webquest on the HUB for students to complete! It helps to direct them to important pieces of information on our HUB, while providing the opportunity to win CASS SWAG!
